

I love K-Love radio station. It helps me get through life;
to calm down, get my head straight-it is healing for me!
I hate to think of such quality not being available.
In our community we need all the help we can get-with the Or
state univ here, serious drug & alcoholism problems,
violence, kidnaps, etc. Please help us, don't add to
our Corvallis problems!
In this present age, small children, teens, college
kids and families NEED all of the help we can get to
maintain our stress leveels, etc. Please, for all our
sake as well as yours do not take our K-Love radio;
eventually it will effect everyone!
Thank You! Camilla Banks
